# SPECIAL INTEREST GROUPS

1. **Support and Understanding:** These groups provide a supportive environment where children can interact and connect with peers who share similar experiences and interests.
1. **Skill Development:** These groups offer opportunities for skill development tailored to the needs and interests of the group and allow for the speech pathologist to use key moments as learning opportunities. Some examples include: Following the group plan, sharing, turn taking, working as a team, asking for help, listening and negotiating, flexible thinking and following instructions to name a few!
1. **Community Building:** Special interest groups create a sense of community among children and a feeling of belonging.

**These groups are facilitated by a Speech Pathologist**

**Enjoy access to the LFK Gymnasium downstairs for a movement break**
