

This visual art prize is open to primary and secondary school-aged children living or going to school in Melbourne's West.

We love receiving art class submissions from students, particularly if they have worked on something at school that they are really proud of. Not only is it a fantastic experience, but they will get the opportunity to see their artwork displayed in an exhibition!

The details:

- All entries displayed in an exhibition in Footscray
- One entry per child – **entry is FREE!**
- Primary and Secondary age groups each go in the running for a \$500 cash prize
- Online entry form required for each child, along with parent/guardian consent forms (attached)

Another option is to share this wonderful opportunity with parents of interested children, and they can help their child submit an entry online.

For more information, visit www.footscrayartprize.com/youngartists

If you, one of your teachers, or a parent, have any questions about the process please do not hesitate to get in touch.

Kind regards,

Footscray Art Prize committee
